Product marketing and AI workflow experience grounded in customer-facing sales and team leadership. Builds useful systems, turns product information into seller resources, and checks AI outputs against source material.

EXPERIENCE

Trimble | Product Marketing Intern, Platforms & AI

May 2026 - Present | Westminster, Colorado

- Built a shared-drive knowledge system for an AI agent using Google Apps Script, supporting evolving product knowledge, deliverable formats, and working document and slide generation.
- Built an ongoing AI-powered sales-call analysis system; analyzed an initial 65 Gong transcripts and delivered messaging findings and training recommendations to sales enablement.
- Checked selected analysis responses through a second AI with the source database, transcript quotation checks, and questions the evidence could not support.
- Designed the framework and wrote all content for a live internal catalog of 13 product features; rewrote and restructured a live dealer/seller enablement page.
- Authored discovery, objection-handling, pricing, data-sheet, and competitive sales resources.

Best Buy | Shift Lead

October 2023 - May 2026 | Colorado

- Supervised 15+ associates and trained 25+ across the role, coaching customer discovery and experiential selling.
- Helped double department audio attach and increase TV main-unit average selling price from $600 to $750 in one quarter through discovery-focused coaching.

Best Buy | Sales Advisor

October 2020 - October 2023 | Colorado

- Worked directly with Home Theater customers to understand their needs and connect product capabilities to the experience they wanted.

LEADERSHIP

Delta Tau Delta | Founding Vice President

October 2022 - November 2023

Helped reestablish the chapter after a 30-year absence and grow membership from approximately 20 to 40+. Oversaw three committee chairs.
